Contributions are not deductible for federal income tax purposes. Federal law requires political committees to report the name, mailing address, occupation, and name of employer for each individual whose contributions aggregate in excess of \$200 in a calendar year. Tennessee law requires political committees to report the same information for those who contribute more than \$100 during the designated reporting period.

\*Tennessee PACs can now accept an unlimited amount from corporations but must report these as the organization on the Campaign Financial Disclosure Statements.
