Dear TDA Membership,

My name is Trey Carney. I am writing to announce my interest in running for Secretary of The Tennessee Dental Association.

I am a General Dentist in a group practice in Jackson, Tennessee. I graduated from the University of Tennessee College of Dentistry in 1999. I have been involved with the Seventh District Dental Society in many capacities since becoming a dentist. I previously served six years on the TDA Board of Trustees, and currently, I am the Vice-President of West Tennessee. I am a husband and proud father of three children. I am also a second generation dentist.

I am well aware of the importance of organized dentistry to the longevity and perseverance of our profession. I am proud of the relationships I have made through my involvement in the TDA. I am excited for the opportunity to continue to represent our interests at the Board level.

I would be honored to serve the dentists in the State of Tennessee as TDA Secretary.

Respectfully,

Robert B. Carney III
